Re: Visa application for Dr Lisa Apramian, Ph.D

Amazonian Initiative Movement (AIM) Sierra Leone is delighted to invite Dr. Lisa Apramian, Ph.D. to visit us between the 27th April-3rd May 2010. The purpose of her visit will be to learn from AIM and the communities about the practice of female genital mutilation (FGM). This event will be hosted in different communities within the Port Loko District.

We think her visit will be beneficial to the staff of AIM and its beneficiaries.

AIM will provide her with accommodation while you she here. You must make your own travel arrangements to Sierra Leone.

AIM is a human rights organisation that works on the elimination of female genital mutilation (FGM) and other gender-based violence issues committed against women and girls. We are based in Lunsar the Northern part of Sierra Leone and working in six chiefdoms in the Port Loko district.

We are anticipating your arrival very soon. Please let me know if I can provide additional information.

Thank you for your consideration and for accepting to visit us.

Sincerely,

Rugiatu Neneh Turay
Director
